# Traxion.gg returns 2025

Last year's Expo marked a major milestone: **10 years** of virtual racing excellence celebrated at Messe Dortmund with more than **13,600 passionate fans** on-site and tens of thousands more tuning in online.

With livestreams, social media, and YouTube coverage buzzing throughout the weekend, the event proved once again why it's the beating heart of the global SimRacing community.

At the center of that media momentum was **Traxion.gg**, a name that's become synonymous with quality reporting in the world of SimRacing and Racing games. From independent reviews and in-depth features to breaking news and expert commentary, Traxion.gg has built a loyal worldwide following.

And as part of the Rafa Media Group — alongside motorsport giants, **The Race** and **WTF1**, Traxion.gg brings not just reach, but real motorsport credibility.

Building on the success of 2024, we couldn't be happier to continue this collaboration. Traxion.gg's dynamic coverage played a huge role in lifting the Expo's profile last year, and we can't wait to see what we'll achieve together in 2025.

**Mark your calendars: October 17–19, 2025, Messe Dortmund.**

Expect big things, new product launches, world premieres, and an even broader exhibitor lineup featuring top brands, including many making their debut at the SimRacing Expo.
